

# HA10+ capsule

**The easy to use solution for fast 3D printing of hearing aid parts in small labs, distant retailers or even shops.**

The capsule system enables immediate local availability of validated 3D printed parts. Validated workflows and a very easy handling of the capsule allow onsite 3D printing without specialist knowledge. Local data preparation or cloud connection to labs or design centres make unique workflows possible.

Performance parameters	HA10+ capsule
Building area	30 × 60 mm and 60 × 90 mm
Native pixel	+/-34,5 μm
Max. part height	90 mm
Light source	385 nm UV LED
Resolution	1280 × 720 px
Dimension (W × H × D)	335 × 541 × 349 mm
Connections	WLAN, TCP/IP, USB
Control	7" LCD-Display, touch control

Simple operation

Low acquisition cost

Clean & environmentally friendly disposal
