

HA40+

Hands-free opening, enlarged build area and movable: The perfect start into mass production.

The HA40+ is our new all-rounder for volume production. This printer stands out as a free-standing model with an extremely large printing area. The automated part separation module enables cutting of parts without manual operation. The next print jobs starts immediately after separation (patents pending). The product can be flexibly positioned and moved by its rollers.

Performance parameters	HA40+
Building area	231 × 130 mm
Native pixel	+/- 30 µm
Max. part height	250 mm (with ASM: 100 mm)
Light source	385 nm high power UV LED
Resolution	4K 3840 × 2160 px
Dimension (W × H × D)	600 × 1660 × 570 mm
Connections	WLAN, TCP/IP, USB
Control	10" LCD-Display, touch control
