

HA70+

The stand-alone 3D printer model for centralized production.

Rapid Shape HA70+ offers all features for the volume production of high-quality hearing aid products. A true industrial printer engineered for 24/7 production under 100 % load. Modular high-performance sub-systems including a dual-circuit cooling system with heat exchanger ensures optimal operation. The open system architecture allows a wide range of materials.

Performance parameters	HA70+
Building area	232 × 137 mm
Native pixel	+/- 22,5 μm
Max. part height	150 mm
Light source	385 nm, ultra high power UV LED
Resolution	4K 3640 × 2160 px XPR
Dimension (W × H × D)	443 × 1593 × 625 mm
Connections	TCP/IP, USB
Control	10" touch-screen

AC controlled interior for continuous use

Certified auto calibration (ACCS)

Connection to process.net database system

Remote control by TeamViewer®

Web browser access

Industrial continuous manufacturing

Lowest cost per part

Joint development of applications
