

# S30 Speed

**The high speed printer for professional use in casting shops, design bureaus and jewellery companies.**

Quickly to the perfect result: the new S30 Speed allows an even faster 3D printing experience than before. Increased accuracy and build quality, achieving perfect results. Easy handling with resin temperature control and resin mixing system allow the highest level of repeatability.

The S30 Speed sets the benchmark in professional jewellery printing in terms of speed, precision and certified open solution.
