

S90+ standalone

Your partner for high performance 3D printing.

A true industrial printer designed for 24/7 production under 100% load, whether for filigree or large jewellery designs.

The patented force feedback technology enables the highest production rate with the lowest production costs per part and without compromising quality. Modular high performance sub-systems including a dual-circuit cooling system with heat exchanger ensure optimal operation.

Performance parameters	S90+ standalone
Building area	231,5 × 137,3 mm
Native pixel	+/- 22,5 µm
Max. part height	150 mm
Light source	405 nm, ultra high power UV LED
Resolution	2560 × 1520 px
Dimension (W × H × D)	443 × 1593 x 625 mm
Connections	TCP/IP, USB
Control	10" LCD-Display, touch control
