

Rapid Shape at the LMT Lab Day, Chicago

LMT Lab Day 2023 in Chicago is the largest event for dental labs in America! Rapid Shape, German manufacturer of high-quality 3D printers for dental application, is right in the middle of the action and fully participating!

Here at this trade show the dental industry meets to present new developments, advances and products and to gain new insights.

Rapid Shape is also at LMT Lab Day because the team loves to maintain good relationships with their valued customers and partners and meet in person. They are also happy to make new contacts and friendships.

The LMT Lab Day Seminar by CEO Andreas Schultheiss

If you want to learn directly from the founder and CEO of Rapid Shape, Andreas Schultheiss, how ingenious printing with Rapid Shape's 3D printer is, and if you want to understand this with a live demonstration, you should not miss the seminar „Lecture and Live Demonstration on Various Rapid Shape 3D Printers“. We recommend a quick registration, because the interest is great, the places are limited.

- „Lecture and Live Demonstration on Various Rapid Shape 3D Printers“
- New Orleans Room, West Tower, Ballroom (Gold) Level
- Friday 4:00pm - 5:30pm
- [TO THE SEMINAR](#)

Rapid Shape's partners, Dentona, DMG and Oplent will also be at LMT Lab Day. They will be present with a booth and participate in the Rapid Shape seminar, also to answer questions about 3D printers and resins.

Join LMT LAB DAY Chicago, the largest dental laboratory event in America and get in touch with the friendly team of Rapid Shape.

- LMT LAB DAY Chicago 2023
- Thursday, February 23 until Saturday, February 25
- Hyatt Regency Chicago, 151 East Wacker, Chicago, IL, 60601

The next opportunity to meet Rapid Shape will be in March at the IDS trade fair. The trade show IDS „Internationale Dental-Schau Köln“ is the world’s leading trade show for the dental industry and trade fair for the dental market.

IDS 2023 will take place from Tuesday, March 14 to Saturday, March 18, 2023 in Cologne, Germany. You will find Rapid Shape in hall 4.2, booth K-089.

About Rapid Shape

Rapid Shape specializes in the design and manufacture of high-end 3D printing systems for the professional for additive manufacturing and has positioned itself as one of the leaders in this industry through its proprietary technology. Rapid Shape provides solutions for the industrial, dental, hearing aid and jewelry markets. As a leader in innovation in this field, Rapid Shape’s 3D printers are based on contemporary DLP technology that sets the standard for speed, reliability and precision. The company’s success is based on the dedication, experience and know-how of its team, as well as good, trusting cooperation with distribution, material and technology partners.

Rapid Shape is headquartered in Germany, Heimsheim, near Stuttgart.
